Monday, April 13

TIME	TRACK	LOCATION
7:00am – 5:00pm	Registration	JW Grand Ballroom Foyer
7:00am – 8:15am	Breakfast	Lone Star Foyer
8:30am – 9:00pm	<p>Opening Keynote: AI Changes Everything (1151)</p> <p>Welcome to the Oracle Customer Edge Summit! While AI is reshaping business, the infrastructure industries are in many ways shaping AI. In this session, we'll discuss infrastructure growth and its implications across the engineering, construction, and utilities industries, the ways in which AI is changing the ways in which we approach the work, take a deep dive into some of Oracle's latest AI-driven innovation, and much more.</p> <p>Opening Comments and Emcee: Rose Spicer, VP Industry Marketing, Oracle Oracle Presenters: Andrew De La Torre, SVP, Technology - Infrastructure Industries and Matt Beal, SVP, Development, Oracle</p>	JW Grand Ballroom
9:00am – 9:45am	<p>Construction and Engineering Industry Keynote: Empowering AI-Driven Innovation for Engineering and Construction (1153)</p> <p>Customer Presenter: Lee West, ERP Manager, Gilbane Oracle Presenter: Ryan Kunisch, VP Global Strategy Engineering and Construction, Oracle</p>	JW Grand Ballroom

9:45am – 11:00am	BREAK	
10:15am – 11:00am	Utility Industry Keynote: Empowering AI-Driven Innovation for Utilities (1152) Customer Presenters: Vidya Rangachar, VP Transformation, CPS Energy and Jeremy Turner, Chief Administrative Officer, Delta Utilities Oracle Presenters: Paul McDonald, SVP, Development and James Steadman, Global Head of Utilities Product Strategy, Oracle	JW Grand Ballroom
11:00am – 11:30am	Keynote Address (1167) Oracle Presenters: Mike Sicilia, CEO, and Rodger Smith, EVP Industries, Oracle	JW Grand Ballroom
11:30am – 1:00pm	Lunch	JW Grand Ballroom
1:00pm – 1:45pm	How's the Weather up there? Real Life from the Cloud - Live Utility SaaS Customer Experience Panel (1115) These Customers have made the leap to the energy and water cloud and are flying high on SaaS! Join us for a Live SaaS Customer Experience panel. Panelists will share their insights on how being on Energy & Water SaaS and being current has empowered them to move to a more proactive posture and address business problems differently. Eager to share their thoughts and considerations on customizations, impact to testing, how to adopt new features in SaaS and look to the future with AI. No fancy slideware here - you'll hang on every word they say and hear about the reality of being on SaaS. Customer Presenters: Stephanie Burgess, SR Manager Customer, Santee Cooper, Margarita Urueña, Systems Analyst, Gas South, and Donna May Tan, Utility System Support Supervisor, Lubbock Power & Light Oracle Presenters: Cathy Vollmer, Senior Customer Success Manager and Rochelle Cister, Consulting Solutions, Sr. Director, Oracle	Lone Star D
2:00pm – 2:45pm	True 360: Oracle Utilities Data Intelligence (1024) The promise of a single solution driving operational success for utilities has been just out of reach—until now. Traditionally, customer operations, assets, billing, and metering have each managed data in siloed systems, offering just a narrow slice of the full picture. With Oracle Utilities Data Intelligence, you achieve true 360-degree visibility across your business. Pre-configured data pipelines seamlessly bring together curated, high-quality (“gold”) data from every major utility domain into a unified platform. Now, connect asset and customer data; link billing, metering, and engagement insights; and power next-level AI use cases to accelerate innovation. Join Oracle experts to learn how Utilities AI Data Platform finally delivers a complete, connected view empowering smarter decisions and better outcomes across your enterprise. Oracle Presenters: Jason Kriendler, Director of Product Management and Kojo Quaye, Product Strategy, Oracle	Lone Star D Combined with Innovation Edge Track
2:45pm – 3:15pm	Break & Visit the Sponsor Solutions Gallery, Oracle Product Demos and Industry Suites Showcase	JW Grand Ballroom Foyer and Level 3 Lone Star Foyer
3:15pm – 4:00pm	The Oracle Customer Platform Vision (1102) This session covers Oracle’s strategy to bring together the capabilities of its customer platform into a single, unified application experience—built with Oracle’s Redwood design language. Attendees will see how the initiative builds on the strengths of Oracle’s Customer Information System (CIS), expanding the capabilities needed for today’s digital utility to improve service and support	Lone Star D Combined Session with Customer Engagement and Metering Tracks

	<p>stronger customer engagement. We'll share early prototypes, highlight key priorities for the initial release, and provide a look ahead what's next on the roadmap.</p> <p>Oracle Presenters: Nam Nguyen, Director Product Management, Jen Lee, Senior Design Manager, and Jameela Belyeu, Sr. Product Strategy, Oracle</p>	
4:15pm – 5:00pm	<p>TMG Partner Session: Smarter Bills, Happier Customers: How AI is driving Customer Experience (1113)</p> <p>Customer Service and Billing play a pivotal role in shaping how individuals perceive and trust their Utility provider. This session will explore effective approaches for creating clearer and more intuitive billing experiences that help customers understand their charges, recognize where they can save, and easily access the information they are looking for. Attendees will gain insights from industry experts on how AI directly enhances customer experience by simplifying billing details, predicting common questions, and supporting faster, more personalized interactions across digital channels. Attendees can expect to leave with practical insights that strengthen customer satisfaction and improve overall billing performance.</p> <p>Customer Presenter: Sohail A. Moinuddin, Division Manager, IT Customer Solutions, WCCS Water</p> <p>Partner Presenter: Supriya Mukhapadhyay, Head of Product Strategy & Innovation, TMG</p>	Lone Star D
5:30pm – 7:00pm	<p>Edge Reception: Join us on the Pool Deck and immerse yourself in the Austin culture! This will be an amazing evening filled with plenty of food and drinks. Dress casual!</p> <ul style="list-style-type: none"> • Live music, good vibes: enjoy the Jordan Mathew Young Band, proudly sponsored by CMC Project Solutions. • A Texas-style toast starts here: bourbon tastings at the KPMG station. • Alithya invites you to make your mark—custom brand a leather item and take home a keepsake. • Espresso yourself: try the Vertexpresso Martini, courtesy of Vertex. • Ready for a little agave adventure? Join Accenture at the margarita sampler station. • Unplug and enjoy—live cigar rolling, hosted by Paymentus at the cabana. 	Pool Deck – Level 5

Tuesday, April 14

TIME	TRACK	LOCATION

10:00am – 10:45am	<p>Agentic AI for Customer Self-Service: Instant Answers, Happier Customers (1114)</p> <p>In the rush to automate customer experience, the gap between simple chat interfaces and true problem-solving remains wide. This session explores the development of an Agentic Self-Service Platform designed to bridge that gap by functioning as a central reasoning engine rather than a basic chatbot. We will detail the integration of a core AI Agent with CCS (Customer Communication Services) and Opower, creating a unified ecosystem capable of executing complex tasks across disparate systems. Grounded in rigorous UX Research, this project demonstrates how to translate user mental models into a structured logic layer that guides the agent’s decision-making. By simulating high-value support interactions, the platform is engineered to proactively intercept and resolve complex inquiries, with the goal of significantly reducing the volume of high-cost calls to the center.</p> <p>Oracle Presenters: Erik Hobbie, Product Manager and Karina van Schaardenburg, Director, Design and Research (Opower), Oracle</p>	Lone Star D Combined session with Customer Engagement
11:00am – 11:45am	<p>No Customer Left Behind: Affordability Strategies That Meet Customers Where They Are (1116)</p> <p>Energy and Water companies are evolving how they support financially vulnerable customers—combining empathy, program innovation, policy revisions, and data-driven decisioning to improve customer outcomes while reducing arrears. In this session, affordability leaders share what’s working in the field: outreach approaches that build trust, program and payment options that reflect real customer circumstances, and the analysis used to target assistance effectively and measure impact. Join these “affordability pioneers” for practical ideas you can take back to your organization—so you can strengthen engagement, improve collections outcomes, and deliver on the commitment: No Customer Left Behind.</p> <p>Customer Presenters: Blanca Barajas, CCFS Manager, Business Support, Las Vegas Valley Water District, Amy Day, Manager of Revenue Management, Lubbock Utilities, and Antoya Debarros, Dept Manager, Con Edison of New York</p> <p>Oracle Presenters: Maria DeChellis, Global Industry Specialist, and Jameela Belyeu, Sr. Product Strategy, Oracle</p>	Lone Star D Combined session with Customer Engagement
11:45am – 1:00pm	Lunch	JW Grand Ballroom
1:00pm - 1:45pm	<p>AI Call Center Automation (1117)</p> <p>Utility companies face unprecedented demands, higher customer expectations, regulatory complexity, and pressure for cost efficiency. In this session, discover how next-generation AI is transforming inbound customer interactions through Oracle’s call summarization and call tagging solutions. Learn how these features automatically capture call details and intelligently classify interactions. Empowering agents, especially new hires, to respond with greater accuracy and improve service consistency. Discover real-world benefits for both front-line staff and call center leadership and see the Redwood-inspired design journey that shaped this game-changing innovation.</p> <p>Oracle Presenter: Angela Brown, Senior Principal Product Manager, Oracle</p>	Lone Star D
2:00pm - 2:45pm	<p>PG&E’s Complex Billing Journey: Powered by Data Visualization Best Practices (1119)</p> <p>PG&E, with Oracle Consulting Services, used data visualization to accelerate delivery of a modern cloud-based billing platform to replace a legacy system and support complex rate structures. By embedding Oracle Utilities Analytics Visualization (OUAV) and BI Publisher from solution design through post-go-live support, the team improved transparency, sped approvals, and increased stakeholder confidence. See practical examples, including how</p>	Lone Star D

	<p>PG&E simplified highly complex net metering scenarios spanning hundreds of linked accounts. Learn best practices for incorporating visual data modeling into design walkthroughs and how visual insights enabled faster monitoring, proactive decision-making, coordinated risk mitigation, quicker issue resolution, lower costs, and stronger cross-functional collaboration.</p> <p>Customer Presenter: Matthew Workman, Senior Manager Complex Billing and Billing Modernization, PG&E</p> <p>Oracle Presenters: Nanette Evangelista, Consulting Solution Director, and Parth Singh, Consulting Services Solution Architect, Oracle</p>	
2:45pm – 3:15pm	Break & Visit the Sponsor Solutions Gallery, Oracle Product Demos and Industry Suites Showcase	JW Grand Ballroom Foyer and Level 3 Lone Star Foyer
3:15pm – 4:00pm	<p>Expediting ToDo Resolution with AI (1118)</p> <p>This session covers Oracle’s strategy for utilizing AI to help expedite the resolution process for system generated ToDos (exceptions). Attendees will learn about the approach that Oracle is taking, see an early prototype of the user experience, and learn about the guardrails that Oracle is planning to implement to ensure that your ToDos are resolved as efficiently and accurately as possible.</p> <p>Oracle Presenter: Andreas Ruhl, Senior Director, Product Management, Oracle</p>	Lone Star D
4:15pm – 5:00pm	<p>Digital Water in Focus: Market Intelligence and Customer Engagement Insights from Bluefield Research (1112)</p> <p>Water utilities are entering a pivotal moment as Digital Water, advanced metering, and customer engagement converge to reshape how services are delivered and experienced. In this session, experts from Bluefield Research, a leading provider of data-driven market intelligence and strategic analysis for the global water sector, will share exclusive insights drawn from their extensive research, forecasting, and proprietary datasets. Known for helping utilities and industry leaders anticipate market shifts, validate strategies, and identify emerging opportunities, Bluefield brings a uniquely rigorous and forward-looking perspective to the conversation. Attendees will gain a deeper understanding of how digital technologies from smart metering to advanced analytics are transforming operations, customer relationships, and investment priorities across the industry. This session will equip utility leaders with actionable intelligence to confidently navigate change, align with where the market is heading, and accelerate their transition into a more connected, data-driven future.</p> <p>Customer Presenter: Reese Tisdale, President & CEO, Bluefield Resource</p> <p>Oracle Presenter: Maria DeChellis, Global Industry Specialist, Oracle</p>	Lone Star D
